The intersection would also include advanced detection radar. Installation of the light was expected to be completed in the next few weeks.

The developer of the former Union Bleachery site, now known as, On the Trail Development, was working with county staff on design and permitting of a Swamp Rabbit Trail bridge over Highway 253, in preparation to apply for federal funding in 2024. Once completed, the bridge would replace the traffic light previously mentioned. County staff had installed 3% of the pavement needed along the new section of the Greenline, between Laurens Road and Verdae Boulevard. The remaining paving was expected to be completed as the City of Greenville wrapped up construction of the bridges.

Mr. Kernell stated Deputy Jonathan Holloway had joined the team of motorcycle officers assigned to the trail.

Action: As noticed on the County Council agenda, Councilor Shaw moved to reconsider the February 7, 2023 third reading vote for Zoning Docket CZ-2022-106 for a non-substantive review.

Chairman Tripp asked Mr. Shaw if the February 7 vote was unanimous.

Councilor Shaw confirmed it was unanimous, roll call vote.

Chairman Pro Tem Kirven stated he was not aware of any problem with Council's decision regarding the vote.

Councilor Shaw stated he wanted to give his colleagues the opportunity to "fix" anything they saw "wrong" and to vote on the item again.

Councilor Fant stated the item had passed unanimously at third reading as well as second reading. It was his understanding that Council would move for reconsideration of an item if there was a substantive change in the matter. Mr. Fant stated Council should be informed if there was some substantive change that would warrant a denial by Council; that would be the only reason for reconsideration of the item.

Councilor Shaw stated he was just "throwing it out there" to give Council the opportunity to vote on the item again.

Motion to reconsider was denied by a roll call vote of one (Shaw) in favor, ten (Russo, Barnes, Blount, Harrison, Mitchell, Seman, Fant, Bradley, Kirven and Tripp) in opposition and one (Tzouvelekas) written abstention.

Councilor Tzouvelekas returned to the meeting.

- Councilor Shaw expressed concerns regarding expansion of the Public Works and Infrastructure Committee, now known as the Roads, Infrastructure and Public Works Committee. In the past, there had been talk regarding the need to immediately address the County's roads and infrastructure. Mr. Shaw stated the committee had met twice in 2023; it appeared there had been no changes and no progress regarding the road issue. There had been no speakers scheduled to educate the committee members about the roads; he was not certain as to what staff had done to address the issue. Mr. Shaw stated he felt it was "a ship without a captain"; the name of the committee had changed but nothing else.

Chairman Tripp stated he disagreed; the intent of the committee was very clear. He asked Mr. Shaw if he had spoken to Ms. Seman, Chair of the committee.

Mr. Shaw stated he had not spoken to Ms. Seman; the first meeting lasted seven (7) minutes and was adjourned.

Ms. Seman stated Mr. Shaw had not spoken to her about his concerns.

- Councilor Harrison stated he, along with Tee Coker and Mark Tollison, had discussed trash pick-up times. He would like to revisit the issue.

Mr. Tollison stated they would be discussing the issue in the near future.

- Councilor Fant provided an update on SCTAC. He stated SCTAC and GADC had enjoyed an outstanding partnership for the past two decades. During SCTAC's February 13 board meeting, Jody Bryson presented the board with an executive summary of GADC's recently released Strategic Economic Plan. In addition, each board member was provided with a hard copy of the completed document.
- Councilor Bradley stated he would be attending the SCAC Legislative Conference in Columbia on Wednesday and Thursday. He looked forward to the conference.

- Councilor Kirven stated he had observed, during his tenure on Council, a bit of angst and nervousness every two years. It was important for Council to be patient with the changes. They would all have the opportunity to bring forth items of interests for consideration. Mr. Kirven requested his colleagues have tolerance and be considerate of each other.
- Councilor Russo stated his wife was due to give birth on Wednesday, February 22. The baby boy was the second child for the couple.

Mr. Russo stated GPATS was scheduled to meet on Monday, February 27. He was excited to attend the meeting and would bring information back to his colleagues.

- Councilor Barnes thanked Mr. Kernell, Heshia Gamble and staff for their hard work in regards to the abandoned tires issue in the County.
- Councilor Blount thanked staff for all their help. He thanked the Poinsett Highway community for working with the developer of a new apartment complex. The development was not initially well-received; however, after much back and forth, the developer had agreed to make changes.
