Re: Deed from Phyllis B. DeLapp to  
First Carolina Construction Company, Inc.  
with Affidavit of True Consideration

Dear Ms. Whitmire:

We are enclosing herewith our check to cover recording fees and documentary stamps, calculated on the basis of \$198,000.00, in order to facilitate the immediate recording of the deed. However, we take the position that documentary stamps should not be required in this transaction and are seeking a ruling to that effect from the Tax Commission. This letter is simply to notify you that in the event of a favorable ruling from the Tax Commission, or a favorable court decision, we would be seeking a refund of the documentary stamp tax.

With kind personal regards, I remain,

Very truly yours,

HAYNSWORTH, PERRY, BRYANT,  
MARION & JOHNSTONE
