

A building line of 35 feet shall be observed along the front of each lot. In the case of lots bounded by a street along one side as well as in front, there shall be observed a side building line of 20 feet along that side which is bounded by such street. In all other cases there shall be observed a building line of ten per cent of the lot width on each side of the lot. The building line herein imposed applies to residential structures, garages and other outbuildings, and to porches and other structures attached thereto, except that it shall not apply to open terraces or open patios or other open structures not dependent for their support upon the dwelling house, garage, or other outbuildings.

(3) All other restrictions contained in the restrictions referred to above are hereby confirmed.

WITNESS OUR HANDS AND SEALS this 13th day of June, 1955.
