

Carolina, the undersigned does hereby give its consent to said bank to extend the present height of a portion of the building now constructed over and across the alley above referred to, to-wit, that portion of said building extending from the west side of North Laurens Street in a westerly direction a distance of $42\frac{1}{2}$ feet and being that portion of the building covering said alley that is situate along side and immediately adjacent to the north side of the building owned by said bank.

The present building across said alley now extends for a height of one story along and adjacent to a portion of the building owned by the undersigned to-wit, the portion constituting 20 feet of the eastern portion of the building of the undersigned and it is understood that the second story to be constructed by said bank shall extend only along side its building and no portion of said second story shall extend over and along side any portion of the undersigned's building.

Said second story shall not extend in height beyond a point at least twelve inches (12") below the window sills of the third floor of the building of the undersigned.

The undersigned shall have the option at any time before said bank shall have purchased said air-conditioning units of accepting in lieu of said units a cash consideration of Thirty Three Hundred Dollars, (\$3,300.00)

Done this the 11th day of January, 1957.
