

tramways and skidders which may be necessary or convenient for cutting and removing said timber, trees and timber products. The said cutting, removal and transporting of said timber, trees and timber products shall be carried out only by the use of machinery equipped with rubber treads or tires and/or horses, however, said roads, tramways and skidders may be located and constructed by the use of any type of machinery and equipment whatsoever which may be useful, convenient and necessary for said purposes.

We do hereby further grant unto Georgia-Pacific Corporation the right to cut, use and/or remove undergrowth, brush, earth or stone, the cutting, removal or use of which may be necessary or convenient to the cutting and removal of said timber and timber products. Said corporation is given the full right to remove all machinery, fixtures and other things of whatsoever nature which it may place upon the premises but it shall not be obligated to remove road beds, treetops, laps, timber or stump, but shall not be precluded from doing so if it desires. All slabs lying on the said lands shall be owned by and used in its operations by the said Corporation for the duration of this agreement, and at the expiration of the term of this agreement any remaining slabs shall immediately revert to and become the property of the grantors herein.

The Georgia-Pacific Corporation, its successors and assigns, shall have a term from the date of these presents through April 30, 1959 within which to remove the timber hereby conveyed, to use and exercise the rights, privileges and easements hereby granted. However, said corporation agrees that no timber, trees or timber products shall be cut from the lands described herein during the months of May, June, July and August of any year during the term of this agreement. In the event some major disaster shall occur during the term of this agreement, the grantor agrees to give the grantee a reasonable extension of time in which to cut and remove said timber and exercise all the rights
