Re: Federal National Mortgage Association
-vs- Eloise G. Waters, etc., et al

Dear Mrs. Farnsworth:

I am returning the Affidavit of True Consideration which you recently sent me in this matter as it is not necessary that it be used. Neither State nor Federal stamps are required on a deed given by one Federal agency to another. Therefore, if I complete the Affidavit, it will make it look as though both should have been used as the true consideration was actually \$3,500.

With best regards, I am,

Very truly yours,

M. G. LIGON
Loan Guaranty Attorney
