

and pumping equipment at the expense of the Grantees. However, the Grantors herein anticipating that they may at some future date desire to develop the property retained by them and further anticipating that the said water line, as now located on the property, may interfere with the proper development of said property, reserve to themselves, their heirs, administrators, executors and assigns, the right to disconnect and remove so much of said water line as lies on Grantors' property from its present location after first providing to Grantees at Grantors' sole expense another water pipe line of not less than one (1) inch in diameter, extending from the pump at the Southeast corner of U.S. Highway #25 and Altamont Road, said line to run in or along the South side of Altamont Road in an Easterly direction until it reaches property of the Grantees herein, then said line shall run South on or near West line of property of Grantees and shall be connected with the present pipe line on property of the Grantees. The Grantors further reserve to themselves, their heirs, administrators, executors and assigns, the right, privilege, and easement to extend any water line they may construct on or along Altamont Road across the property of the Grantees (but bordering Altamont Road) so as to make water available to other property of the Grantors lying both East and West of the Grantees' property and with the further right to make taps on said water line, said taps to be made under the supervision and with the approval of the Greenville City Water Works; but no such taps shall be made if the effect thereof is to substantially reduce the water, both as to quantity and pressure, now available to the premises. The Grantors further agree that the Grantees shall at all times be permitted to connect the aforementioned water line, or any line provided by the Grantors to the Grantees in substitution thereof as herein provided, to the water line of the Grantors connecting the aforementioned water line to the water main of the City of Greenville at or near its Reservoir No. 6 and to obtain water therefrom as same is provided by City of Greenville, but the Grantors agree and hereby bind their heirs, executors, administrators and assigns, that they will not tap onto said line or do anything in connection therewith which would have the effect of substantially reducing the quantity or pressure of water now available to the premises hereby conveyed.
