

3.

nate at the WSPA-TV transmitter site on Hogback Mt. Said print being attached hereto and made a part hereof.

5. It is further understood that the Grantee will not at any time use or allow to be used, either on the right of way or property adjacent thereto, in or near the area of the watershed for the North Saluda Reservoir, any chemical, oil, or any solution, compound or mixture which might be toxic, injurious, or harmful in any way to human, plant, animal, or marine life without first obtaining from the Grantor or its duly authorized agents a written authorization for any and all such use.

6. The Grantee agrees that the installation and maintenance of the said power line and all work incidental thereto will be done in a proper manner with full and complete precautions being taken for sanitation to avoid any contamination or pollution of the watershed and water reservoir of the Grantor.

7. It is further agreed that the Grantee shall be responsible for and shall pay any and all damages to property of the Grantor resulting from the installation and maintenance of the power line and appurtenances thereto.
