

In addition to the above consideration, Grantee agrees to repair or to pay for any actual damage which may be done to crops, fences, and timber directly caused by Grantee exercising any rights herein granted; provided, however, after the first pipeline has been installed following the execution of this instrument, Grantee shall have the right, without payment of damages, to keep the said fifty foot right of way clear of trees, undergrowth, lakes, ponds, buildings, structures and other improvements.

Delay of Grantee in locating or determining the additional right of way herein conveyed, or in the user of any other right or easement hereby granted, or in the laying or installing any line or additional lines in or along said rights of way, shall not result in the loss, limitation, or abandonment of any of the right, title, interest, easement or estate hereby granted. All of the grants, rights, privileges, easements, terms and conditions of the Grantee's original easement grant(s) hereinabove described or referred to are hereby ratified and confirmed with respect to the lands hereinabove described and the said fifty foot strip except as the same are specifically amended and supplemented hereby.

The terms and provisions hereof shall inure to and be binding upon the parties hereto, their respective heirs, successors or assigns.
