It is understood and agreed that:

1. The right of way granted under this agreement is of such dimensions as shown on the plat marked "Pipeline Right of Way Greenville County, Lila E. Earle (Life Estate)" to Commissioners of Public Works of the City of Greenville, S. C., attached hereto and made a part hereof. The damage which the Grantee is to be liable for during construction is to be confined to the construction right of way and nothing beyond. The location of the pipe line to be installed is to be approximately along the line now located and staked out by the engineers, subject to a variation of not exceeding five feet either way, and the location of the pipe line will determine the definite location of the right of way herein granted. No building, septic tank, underground tank, burial ground or any structure shall be placed on the permanent right of way. Existing fences will be restored after construction, including gates to permit Grantee access. Future fences are permissible, subject to written approval by the Grantee, and the Grantor(s) shall provide an approved gate or gates for Grantee access. No other use of the permanent right of way shall be permitted without prior written consent of the Grantee.
  4. Grantor(s) grants the Grantee the right of ingress to and egress from said right of way strip over and across the other lands of the Grantor(s) by means of existing roads and lanes thereon, adjacent thereto, or crossing said strip. Grantee will repair any actual damage it may do to Grantor's private roads or lanes and will reimburse Grantor(s) for any actual damage not repaired which is caused by the exercise of the right of ingress and egress.
  5. The failure of the Grantee to exercise any of the rights herein granted at any time or from time to time shall not be construed as a waiver or abandonment of such rights.
  6. The payment above specified covers compensation for the full right of way and easement, and also covers all claims for damages along said right of way resulting from construction of the pipe line to be laid.
  7. In case of future damages to property or crops resulting directly from an accident on the pipe line, the Grantee, shall, at its sole option, either restore the property to its approximate original condition or shall pay the actual damages resulting therefrom.
