conveying water through the premises above described, together with the right at all times to enter upon said premises for the purpose
of inspecting said line and making necessary repairs and alterations thereon, together with the right to clear the full right of way granted
herein and to keep the permanent portion of said right of way cleared of all trees, vegetation and any other obstructions that may, in the

1. The right of way granted under this agreement is of such dimensions as shown on the plat marked "Pipeline Right of Way

without prior written consent of the Grantee.

4. Grantor(s) grants the Grantee the right of ingress to and egress from said right of way strip over and across the other lands of
the Grantor(s) by means of existing roads and lanes thereon, adjacent thereto, or crossing said strip. Grantee will repair any actual
damage it may do to Grantor's private roads or lanes and will reimburse Grantor(s) for any actual damage not repaired which is caused
by the exercise of the right of ingress and egress.

5. The failure of the Grantee to exercise any of the rights herein granted at any time or from time to time shall not be construed
as a waiver or abandonment of such rights.

6. The payment above specified covers compensation for the full right of way and easement, and also covers all claims for damages
along said right of way resulting from construction of the pipe line to be laid.

7. In case of future damages to property or crops resulting directly from an accident on the pipe line, the Grantee, shall, at its
