

shall remain thereon. Following construction, agents and appointees of the County of Greenville may enter the subject property for purposes of inspection and maintenance of the drainage system.

6) Within the period of time heretofore contemplated by this Release Agreement the County of Greenville shall repair and refill all areas which have heretofore been eroded by the flowage of surface water originating from without the subject property. Said areas shall be refilled with materials such as would deter their subsequent erosion. Following such refilling the County of Greenville shall seed said filled areas to prevent their subsequent erosion.

7) Following the installation of the underground drainage system contemplated by this agreement the County of Greenville shall fill, smooth and reseed all areas in which pipe, culvert, catch basins or other articles have been installed. Such reseeding shall be adequate to prevent subsequent erosion damage to the subject property.
