

1. 6" concrete sub-slab;
2. Waterproofing;
3. 4" PVC waterstop;
4. Expansive cement;
5. If deemed necessary by the Project Engineer for the City of Greenville the west walls of the two subject vaults are to be removed and a new reinforced concrete wall is to be constructed approximately two feet east of said wall, all of which more fully appears on Exhibit "A" attached hereto.

The undersigned property owner agrees to permit the City of Greenville and its agents to make the aforesaid structural modifications with work on said modifications to commence immediately upon the execution of this Agreement. The property owner does hereby further agree to permit the City of Greenville and its agents access to the two vaults to make the aforesaid improvements.

The undersigned property owner warrants that no promise or inducement not herein expressed has been made to it or its agents; that in executing this Agreement it has not relied upon any statement or representation made by any person released or its agents, representatives or other officials concerning the nature, extent or duration of potential losses or damages or any legal liability therefor.

The undersigned property owner is duly authorized to execute this Agreement, and does acknowledge that its undersigned representatives have read this Agreement prior to signing said Agreement and that it has executed this Agreement with full knowledge of the contents thereof.

The undersigned representative of the City of Greenville represents and warrants that he is duly authorized to execute this Agreement on behalf of the City of Greenville.
