roads over said land, and to do any and all things that may be necessary or convenient for the cutting, hauling, handling and removing of the timber as aforesaid from the above described tract of land, including but not limited to, the right to move machinery and equipment of every kind upon the property for the purposes of cutting and otherwise manufacturing the trees into lumber or other wood products. The Grantees shall have the right to remove all wood products timber and previously cut or severed trees from the property within sixty (60) days after the right to cut and sever the trees as provided for hereunder has terminated.

2. Obligations of Grantees. It is an obligation of the Grantees in exercising the rights granted them hereunder, to follow at all times, good and accepted logging practices, including (but not limited to) the following:

 a. Where practicable, trees shall be felled so as not to fall on fences and not to lodge upon or damage other trees or timber that will remain on the land;

 b. Should the Grantees break, cut or damage any fence, gate, or gap now on the lands, then the Grantees shall promptly repair, replace or restore such fence, gate or gap to equal the now such existing fence, gate or gap on the property;

 c. The Grantees shall protect the livestock of the Grantor from damage due to its operation and the Grantees agree to keep any places of entry to the land closed at all times, except for and during actual entry or departure to and from the lands, fully and in such manner as to keep cattle and other livestock within the aforesaid lands;

 d. The Grantees agree to operate hereunder in such a way as not to interfere with any farming machinery or farming operations with respect to the land;

 e. The Grantees agree that they and their servants, agents, and employees operating upon the land shall at all times, take care, precaution, and effort to prevent fires;

 f. The Grantees hereby agree to locate their loading sites and/or ramps on lands other than cultivated fields where
