

3. Certificate. The Insurance Trustee may rely upon a certificate of the Manager to determine whether or not the property damaged or destroyed is to be repaired, reconstructed or rebuilt.

B. Estimates of Costs. As soon as practicable following damage to or destruction of any of the property in the condominium, the Manager shall obtain reliable and detailed estimates of the cost to place the damaged property in condition as good as that before the casualty.

C. Assessments. If the proceeds of insurance covering the common areas, limited common areas and facilities or any residence are not sufficient to defray estimated costs or repair, reconstruction or rebuilding of the particular property insured, the Manager shall assess the owner, or owners, as the case may be, of the particular property to cover such excess of costs, which assessment shall be collected and enforced in the manner provided for other assessments. If at any time during repair, reconstruction or rebuilding, or upon completion thereof, the funds for payment of the costs thereof are insufficient, assessments shall be made, as other assessments are authorized to be made, in sufficient amounts to provide funds to cover such excess of costs. Such assessments shall be made as follows:

1. Common areas, limited common areas and facilities.

The Manager shall assess such excess of costs applicable to common areas, limited common areas and facilities against the residence owners in percentages equal to their respective percentages of ownership in the common areas, limited common areas and facilities.

2. Residences. The Manager shall assess such excess of costs applicable to any residence against the residence owners thereof.

D. Construction funds. The proceeds of insurance held by the Insurance Trustee and funds collected by the Manager from assessments against residence owners shall constitute a construction fund for payment of costs of repair, reconstruction and rebuilding after a casualty.
