Taylors, S. C.
Oct. 17, 1983

To Whom It May Concern:

I Donald H. Mills being the personal physician, and long time friend of Mark Taynton, am of the opinion that he is fully capable of making the decision he has concerning the attached document, naming his wife, Marie Taynton, to act in the capacity of his Power of Attorney. This is in order to handle his business affairs in case of an illness or an emergency.

Sincerely
