Re: Multi-unit Condominium Development  
(Formerly area of Village Green)

Dear Mr. Atkinson:

The Western Carolina Regional Sewer Authority agrees with the development of a project consisting of some 220 condominium units to be constructed near the intersection of Highway 14 and Woodruff Road, and will accept the gravity flow of these units into the WCRSA system and the Mauldin "A" Wastewater Treatment Plant, NPDES Permit No. SC0021750.

Please insure proper coordination is made with the Metropolitan Sewer Subdistrict and that the plan is acceptable to that agency.

Sincerely,

Charles R. Douglass
