Dear Mr. Putnam:

Thank you very much for contacting CCC concerning waste removal services for your proposed Rolling Green project. Phillip McAbee and I appreciate the time you spent with us going over the plans for the project and explaining to us the layout and waste removal requirements.

After reviewing the drawings, examining the layout, and determining what type of waste removal system this project would require, I cannot foresee any problems with it. Our company would be able to provide all necessary services to dispose of any waste generated at such a facility as the one you have proposed.

If I can be of any further assistance to you, or if you have any other questions regarding this project, please feel free to call me.

Cordially,

  
Joe Cash  
Assistant Manager
