

FIRST
PIPE LINES

All of the following described pipe lines for the transportation and supply of natural gas acquired or constructed by the Company and not heretofore specifically described in the granting clauses of the Indenture and all real estate and rights-of-way acquired by the Company pertaining to said pipe lines or used or useful in the operation thereof:

MAIN LINE LOOPS

Texas

Three 30-inch main line loop sections in Texas, totaling approximately 31.51 miles in length described as follows:

(a) One 30-inch loop section approximately 6.96 miles in length, beginning at Milepost 425.73 in the J. T. Votaw Survey No. 6, Abstract No. 864, Jasper County, Texas and extending in an easterly direction to the west end of the existing loop, at Milepost 432.69, in the Issac Mahan Survey, Abstract No. 298 in Newton County, Texas. Included in this loop section is a triple crossover to the main line at Milepost 425.73.

(b) One 30-inch loop section, approximately 15.19 miles in length beginning at main line valve 30A30 in the Sue E. Stuart Survey, Abstract A1517 and continuing in an easterly direction to the west end of the existing loop at Milepost 320.21 in the Charles Clarkson Survey, A-190 all in Harris County, Texas.

(c) One 30-inch loop section, totaling approximately 9.36 miles in length beginning at Milepost 357.18 in the Edward King Survey, A-56 and continuing in an easterly direction to Milepost 366.54 in the Richard Green Survey, A-197, all in Liberty County, Texas.

Included in this loop section is a triple crossover to Line "A" at the west end of the loop section and a main line block valve at Milepost 366.44 near the east end of the loop section.

Louisiana

One 30-inch main line loop section in Louisiana, approximately 8.32 miles in length, beginning at main line valve 4-55 in Section 30, Township 6 South, Range 5 West, Allen Parish, Louisiana and extending in
