

being approximately 18 miles in length and passing through the following counties in South Carolina, to wit: Cherokee and York.

19. All that 44,000 volt single circuit wooden pole line extending from the Ninety-Nine Islands Plant of Duke Power Company, in the County of Cherokee, S. C., to the Town of Kings Mountain, N. C., and being approximately 18.30 miles in length and passing through the following counties in South Carolina, to wit: Cherokee and York, and the County of Cleveland in North Carolina.

20. All that 44,000 volt single circuit wooden pole line extending from Kings Mountain, N. C., to Gastonia, N. C., and being approximately 12 miles in length and passing through the following counties in North Carolina, to wit: Cleveland and Gaston.

21. All that 44,000 volt single circuit wooden pole line extending from the Ninety-Nine Islands Plant of Duke Power Company, in the County of Cherokee, S. C., through Blacksburg, S. C., to Shelby, in Cleveland County, N. C., and from Shelby, N. C., to Cherryville, N. C., and from Cherryville, N. C., to Kings Mountain, N. C., and from Kings Mountain, N. C., through Bessemer City, N. C., to Gastonia, N. C., and being approximately 51 miles in length and passing through Cherokee County in South Carolina and the following counties in North Carolina, to wit: Cleveland and Gaston.

22. All that 44,000 volt single circuit wooden pole line extending from the Ninety-Nine Islands Plant of Duke Power Company, in the County of Cherokee, S. C., through Gaffney, S. C., to the City of Spartanburg, S. C., and being approximately 29 miles in length and passing through the following counties in South Carolina, to wit: Cherokee and Spartanburg.

23. All that 44,000 volt single circuit wooden pole line extending from Gaffney, in the County of Cherokee, S. C., through Caroleen and Forest City, N. C., to Rutherfordton, N. C., and being approximately 35 miles in length and passing through Cherokee County in the State of South Carolina and the following counties in the State of North Carolina, to wit: Cleveland and Rutherford.

24. All that 44,000 volt single circuit wooden pole line extending from Caroleen, N. C., to Shelby, N. C., and being approximately 16 miles in length and passing through the following counties in North Carolina, to wit: Cleveland and Rutherford.

25. All that 44,000 volt single circuit wooden pole line extending from the City of Greenville, S. C., to Marietta, S. C., and being approximately 14 miles in length and located in Greenville County, South Carolina.

26. All that 44,000 volt single circuit wooden pole line extending from the City of Greenville, S. C., through the Town of Belton, S. C., to the City of Greenwood, S. C., and being approximately 60 miles in length and passing through the following counties in South Carolina, to wit: Greenwood, Anderson and Greenville.

27. All that 44,000 volt single circuit wooden pole line extending from the City of Greenville, S. C., through the Towns of Conistee and Simpsonville to Fountain Inn, all the Greenville County, S. C., and being approximately 22 miles in length.

28. All that 44,000 volt single circuit steel tower line, extending from Belton, S. C., to Anderson, S. C., and being approximately 10 miles in length and located in Anderson County, South Carolina.

29. All that 44,000 volt single circuit wooden pole line extending from Central, S. C., to Norris, S. C., and being approximately 7 miles in length and located in Pickens County, South Carolina.

30. All that 44,000 volt single circuit wooden pole line extending from Central, S. C., through Clemson College, to Pendleton, S. C., and being approximately 8.5 miles in length and passing through the following counties in South Carolina, to wit: Pickens, Anderson and Oconee.

31. All that 44,000 volt double circuit steel tower line extending from Newberry, S. C., through Clinton, S. C., to Laurens, S. C., and being approximately 29 miles in length and passing through the following counties in South Carolina, to wit: Newberry and Laurens.

32. All that 44,000 volt single circuit wooden pole line extending from Gastonia, N. C., through Dallas, High Point, Lincolnton, Maiden and Newton to the City of Hickory, in the State of North Carolina, and from Hickory, N. C., to the junction with the line of the Catawba Valley

Light and Power Company at Valdese, N. C., including the 44,000 volt wooden pole tap line extending into the Rhodhiss Plant of the Duke Power Company, and being approximately 61 miles in length and passing through the following counties in North Carolina, to wit: Gaston, Lincoln, Catawba and Burke.

33. All that 44,000 volt single circuit wooden pole line extending from Hickory, N. C., through Lookout Shoals Plant of Duke Power Company to Statesville, N. C., and being approximately 30 miles in length and passing through the following counties in North Carolina, to wit: Catawba and Iredell.

34. All that 44,000 volt single circuit wooden pole line extending from Statesville, N. C. to Davidson, N. C., and being approximately 22 miles in length and passing through the following counties in North Carolina, to wit: Iredell and Mecklenburg.

35. All that 44,000 volt single circuit steel pole line extending from Davidson, N. C. to Charlotte, N. C., and being approximately 24 miles in length and located in Mecklenburg County, North Carolina.

36. All that 44,000 volt single circuit wooden pole line extending from Mount Holly, N. C. to Charlotte, N. C., and being approximately 12 miles in length and located in Mecklenburg County, North Carolina.

37. All that 44,000 volt single circuit wooden pole line extending from Mount Holly, N. C., to Spurrier, N. C., and being approximately 14 miles in length and passing through the following counties in North Carolina, to wit: Mecklenburg and Gaston.

38. All those two parallel 44,000 volt single circuit steel pole lines extending from Charlotte, N. C., through Concord, N. C., to China Grove, N. C., and being approximately 34 miles in length and passing through the following counties in North Carolina, to wit: Mecklenburg, Cabarrus and Rowan.

39. All that 44,000 volt single circuit wooden pole line extending from China Grove, N. C., to Salisbury, N. C., and being approximately 11 miles in length and located in Rowan County, North Carolina.

40. All that 44,000 volt single circuit wooden pole line extending from Concord, N. C., to Mount Pleasant, N. C., and being approximately 10.5 miles in length and located in Cabarrus County, North Carolina.

41. All those two parallel 44,000 volt single circuit wooden pole lines extending from Greensboro, N. C., to Reidsville, N. C., and from Reidsville, N. C., to Meadow Summit, N. C., and being approximately 33.76 miles in length and passing through the following counties in North Carolina, to wit: Guilford and Rockingham.

42. All that 44,000 volt single circuit wooden pole line extending from Meadow Summit, N. C., through Leaksville, and Stoneville to Madison, N. C., and being approximately 19.65 miles in length and located in Rockingham County, North Carolina.

43. All that 44,000 volt double circuit steel tower line extending from Winston-Salem, N. C., to Pinnacle, N. C., and being approximately 27.58 miles in length and passing through the following counties in North Carolina, to wit: Forsyth and Stokes.

44. All that 44,000 volt single circuit wooden pole line extending from Pinnacle, N. C., to Mount Airy, N. C., and being approximately 16.30 miles in length and located in Stokes County, North Carolina.

45. All that 44,000 volt single circuit wooden pole line extending from Pinnacle, N. C., through Elkin, North Wilkesboro, Taylorsville and Stony Point to the Lookout Shoals Plant of the Duke Power Company, in the County of Iredell, State of North Carolina, and being approximately 76.49 miles in length and passing through the following counties in North Carolina, to wit: Surry, Wilkes, Alexander and Iredell.

46. All those 13,000 volt single circuit wooden pole lines extending from the Eno Plant of the Duke Power Company, in the County of Orange, State of North Carolina, to Chapel Hill, N. C., and to Hillsboro, N. C., and being approximately 18 miles in length and located in the County of Orange, North Carolina.

47. All that 13,000 volt single circuit wooden pole line extending from the Town of Mocksville, N. C., to Coolemeec, N. C., and being approximately 6.47 miles in length and passing through the following counties in North Carolina, to wit: Davie and Rowan.
