

SECTION 20. At all times when any note is held by the Government, or in the event the Government shall assign a note without having insured the payment of such note, this Mortgage shall secure payment of such note for the benefit of the Government or such uninsured holder thereof, as the case may be. Whenever any note may be sold to an insured purchaser, it shall continue to be considered a "note" as defined herein, but as to any such insured note the Government, and not such insured purchaser, shall be considered to be, and shall have the rights of, the noteholder for purposes of this Mortgage. Notice of the rights of the Government under the preceding sentence shall be set forth in all such insured notes.
