

South Carolina
Greenville County

The above plat represents several small tracts of land as surveyed by me for the trustees of Branch Springs Pentecostal Church. The small tract of $\frac{4}{10}$ of an acre was sold to E. W. Epps off of a 2 acre tract on which the Church stands. The Church lot as per above plat now has 3.75 acres instead of two acres and is made up of four lots as is shown above. Surveyed and plotted Dec. 5th and 6th, 1933. and is made on a scale of $2\frac{1}{2}$ chains per inch.

G. A. Ellis
Surveyor
