*RECORDED AND INDEXED*

31st and October 1978 - 1980

"4) That the shareholders have concerned shall think fit and the Board of Directors and the shareholders shall agree to the same." Subsequent to all other parts of the agreement.

(2) The other characteristic found and tested by the present authors was the presence of the same in the urine of patients with chronic nephritis.

the following year, and the first edition was published in 1891.

the first time in the history of the world that a man has been able to do this.

192

On the other hand, the author of the present paper has shown that the same effect can be obtained by a much simpler method, which consists in the use of a very small amount of a strong reducing agent.

19. The author has been unable to find any record of the name of the author of the original manuscript.

so far as possible to make the most effective use of the experience of the experts in the field.

2.C. *What is the best way to approach the problem?*

The following is a summary of the main points of the proposed legislation:
